

Who We Are

Toll Remote Logistics provides complete logistics solutions in the toughest locations on Earth.

We specialise in providing comprehensive logistic support solutions that overcome lack of infrastructure, challenging geography and socio-political instability. We provide both stand-alone services and fully integrated logistic support services to enable our customers to focus on the success of their core operations.

As the remote logistics specialists of the Toll Group, we are part of a global logistics network of more than 40,000 people working in 1,100 locations around the world. As an Australian publicly listed company, we deliver international standards of safety, quality and corporate responsibility to both commercial and government customers all over the world. Our services include:
